## Responsibility statements

[x] I have taken into account the guidelines provided in the lectures and document “On your deliverables”, which are available at the USE’s e-learning platform.

[x] I understand that I must have a contingency plan and that submitting my deliverable very close to the deadline is likely to result in disaster.

[x] I am an author of this deliverable. I have not cheated in any way.

[x] I have collaborated with my partners on producing this deliverable; in other words, neither have I ridden their coattails nor gobbled them up.

[x] I have learnt from working on this deliverable, so that I can pass my control check.

[x] I understand that my deliverable will be considered failed if I fail to meet any of its requirements, if I fail to submit it by the deadline, or if I do not deliver a filled copy of this form.
